## BREAKS BAD COLDS

Most Severe Cold or the Grippe Relieved in Several Hours.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects, as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

## JANE LEW

News Letter Says Hope Company Will Be Busy There All Winter.

JANE LEW, Dec. 1.—The Hope Natural Gas Company expects to be busy here all winter.

O. Ward, of Highland, has his house under roof and the house will be completed soon. His parents will move into it.

Several serious cases of fever at McWhorter are reported.

Cyrus Smith, who was thrown from a buggy and suffered a broken leg, is reported doing satisfactorily.

Miss Nora Radcliffe, of Lost Creek, made a recent visit to her parents here.

Isaac Davis, who was on the sick list, is able to be out again and to attend to business.

George Cummings went to Clarksburg recently on business.

Miss Daisy Hazzman and brother, Bert, were home from school at Buckhannon for the Thanksgiving holidays.

B. Hall and Benton Smith purchased turkeys and fox hounds recently.

J. G. Jackson is preparing to improve his farm near Mt. Clare soon.

## MEETING

For Prayer is Well Attended in the Methodist Church.

Many attended the union prayer meeting in the First Methodist Episcopal church last night and the program was helpful. The Rev. James E. Bird called the meeting to order and stated its object. The Rev. L. E. Peters was named to preside and he read the scripture lesson. The Rev. Thomas S. Wade offered prayer. Several talks of an inspiring kind were made. Ministers present besides those already named were the Revs. H. T. McClelland, John E. Howell, W. M. Long, L. S. Cunningham, B. D. Stelle and Paul L. Flanagan.

C. H. Henning is here from Wheeling on a business trip.  
W. D. Swearingen, of Parkersburg, is a guest at the Waldo.

## EAGER TO WORK.

Health Regained by Right Food. The average healthy man or woman is usually eager to be busy at some useful task or employment. But let dyspepsia or indigestion get hold of one, and all endeavor becomes a burden.

"A year ago, after recovering from an operation," writes a Michigan lady, "my stomach and nerves began to give me much trouble."

"At times my appetite was voracious, but when indulged, indigestion followed. Other times I had no appetite whatever. The food I took did not nourish me and I grew weaker than ever."

"I lost interest in everything and wanted to be alone. I had always had good nerves, but now the merest trifle would upset me and bring on a violent headache. Walking across the room was an effort and prescribed exercise was out of the question."

"I had seen Grape-Nuts advertised, but did not believe what I read at the time. At last when it seemed as if I was literally starving, I began to eat Grape-Nuts."

"I had not been able to work for a year, but now after two months on Grape-Nuts I am eager to be at work again. My stomach gives me no trouble now, my nerves are steady as ever, and interest in life and ambition have come back with the return to health."

Read "The Road to Wellville" in pages.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## LETTER LIST

## NOSE AND THROAT

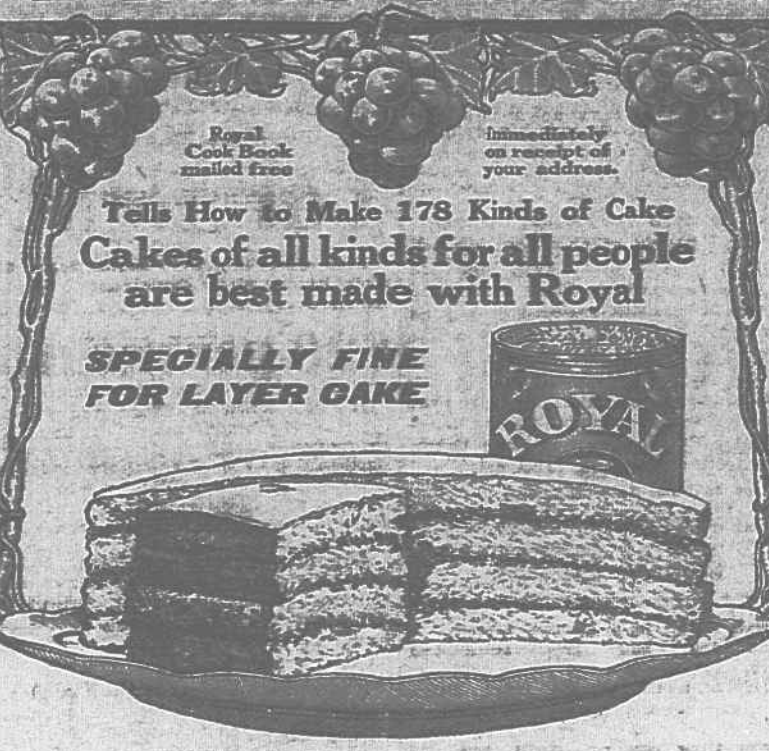

Diseases Are to Be Studied by Doctors at Session of School.

After a vacation of a week, which was taken on account of the Thanksgiving season, the weekly session of the Harrison County Post Graduate Medical School will be resumed to night. A program of lectures and discussions on diseases of the nose and throat will be carried out. Dr. R. B. Nutter is scheduled for a lecture on the anatomy of the nose, pharynx and larynx; Dr. H. V. Varner for a lecture on the physiology of the nose and larynx and Dr. T. M. Hood for one on rhinitis and nasal hemorrhage. The session will begin at 8:30 o'clock in the rooms of the Harrison County Medical Society in the Empire building.

## TEACHER IS ACQUITTED.

George C. McKinley, a teacher of the graded school at Adamston, was acquitted Wednesday night in Justice G. H. Gordon's court of assaulting and beating Kenneth Bobco, a pupil 14 years old, and the case was dismissed at the cost of the boy's mother, who made the complaint.

## ROYAL BAKING POWDER

## RIVER TRAFFIC GOOD IN STATE

As Shown by Annual Report Made in the City of Washington.

WASHINGTON, D. C., Dec. 1.—The traffic on the Ohio river and other rivers of West Virginia is reported in the annual report of the chief of engineers of the United States army, just made to the secretary of war. The figures of Davis Island dam, just below Pittsburg, are given as the measure of the traffic of the river, the greater part of the traffic at that dam being continuous traffic, passing along the entire river.

According to the report, the traffic for the calendar year 1909, as measured by the commerce through lock and dam No. 1, at Davis Island, amounts to 1,122,102 short tons of 2,000 pounds, and 69,961 passengers.

On the Great Kanawha river the commerce for the calendar year 1909 amounted to 1,122,102 short tons with a valuation of \$3,725,802. Of this amount there were 1,065,680 tons of coal and 30,609 tons of timber products, valued at \$1,012,296 and \$135,401 respectively.

In the Little Kanawha river during the calendar year 1909, 34,475 short tons, valued at \$2,608,296, passed lock No. 5. This included 74,698 tons of timber products (saw logs, ties, etc.) and 95 tons of coal.

On the Monongahela river, so far as it lies in West Virginia, the report says: "Traffic on this portion of the river is not heavy, but it has materially increased over that originally existing there. Since the opening of the locks there has been some development of coal mines and the shipment of coal by water in small quantities."

On the Big Sandy river the total commerce for the fiscal year ended June 30, 1909, consisting principally of timber, cross ties, manufactured iron and miscellaneous merchandise was approximately 147,725 short tons, valued at \$2,539,000.

No reliable record of the commerce on the Guyandotte river has been retained, the report says, but adds that it consists almost entirely of timber floated to market as loose logs or in rafts and would probably approximate 160,000 tons per year.

The comparatively small cost at which lock and dam No. 18 of the Ohio river improvement, just above Parkersburg, has been constructed, is set forth in a table of expenditures contained in the report of the chief engineers. This lock has been practically completed at a cost of \$887,765.45. Lock and dam No. 13, just below Wheeling, cost, completed about the same time as No. 18, cost \$1,126,922.99. Lock and dam No. 11, near Wellsburg, now 80 per cent completed, has cost \$908,747.56. Lock and dam No. 8, also 80 per cent completed, has cost \$891,338.17. Lock and dam No. 26, near Gallipolis, only 30 per cent com-

When you have a cold get a bottle of Chamberlain's Cough Remedy. It will soon fix you up all right and will ward off any tendency toward pneumonia. This remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. Sold by all druggists.

pleted, has cost so far \$370,340.41.

The work at No. 18 was started under a contract with a construction company, but the company went into bankruptcy and the work was completed by the government by the employment of day labor. The work was done under the general supervision of Captain Frederick W. Alastair, stationed at Wheeling, and under the direct personal supervision of Mr. William M. Hall, civil engineer in charge of the work at Parkersburg. The completion of the lock and dam at Parkersburg at an expense less than it has cost to bring other locks and dams to 80 per cent of their completion, indicates that the work must have been entrusted to competent men, and that those in charge of it knew their business.

## At Fountains & Elsewhere Ask for

**"HORLICK'S"**  
The Original and Genuine

The Food-drink for All Ages. At restaurants, hotels, and fountains. Delicious, invigorating and sustaining. Keep it on your sideboard at home. Don't travel without it.

A quick lunch prepared in a minute. Take no imitation. Just say "HORLICK'S." In No Combine or Trust.

## Feet Tired—So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

It's the sure remedy you know, for everything that gets the matter with your feet. It's for sore feet and for corns, callouses and bunions, too. "For years I have been troubled with sore and tender feet, suffered intense pain. I have had the assistance of physicians without relief. I bought a box of TIZ which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used."—A. F. Dreutzer, Chicago. TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet. You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. TIZ is for sale at all druggists, 25 cents per box, or it will be sent you direct, if you wish, from Walter Dittler Dodge & Co., Chicago, Ill.

## SPECIAL NOTICE TO LADIES

If you want to be well fitted go to a tailor who truly understands his business. You need not go to New York City to have your garments made, come to see me, I guarantee a perfect fit. If you will come to see me I will refer you to ladies who have been satisfied with my fit and workmanship during my short period in your city. If you have old suits left from last year that you would like to have remodeled, bring them to me.

I CAN DO THE WORK.

WILL BE IN GORE'S NEW BUILDING JANUARY FIRST.
